The DigiToegankelijk status (in Dutch) of this website is: A - Fully compliant

We are pleased to present the results of this follow-up accessibility audit, which demonstrates outstanding progress since our previous evaluation. The development team has demonstrated a commendable commitment to digital inclusivity, successfully remediating all previously identified accessibility barriers. Of the 55 total Success Criteria under the WCAG 2.2 AA standard, 43 are now fully met, with the remaining 12 deemed not applicable to the site's current functionality. With zero failing criteria, the website now achieves full compliance with WCAG 2.2 AA standards. This significant milestone reflects the team's technical diligence and ensures a seamless, barrier-free user experience for individuals with diverse accessibility needs.
